EASY IN, EASY OUT
Long Beach Airport

“What Long Beach does so enchantingly well is to offer a relaxed and gracious alternative in domestic flights”

Jonathan Glancey, *BBC*

The perfect beginning to a perfect visit, Long Beach Airport (lgb.org) is also the perfect ambassador for the city of Long Beach. Named one of the 10 most beautiful airports in the world by the BBC, it is sleek and stylish, with an eye on the future and one foot in our city’s sublimely retro past. Making our newly renovated concourse the ideal introduction to your Long Beach experience. Once you land, you may even feel like kicking back for a while before getting on with your visit (don’t worry, it’s perfectly natural).

A lounge-inspired, resort-style atmosphere, brand new terminals and a host of local eateries and refreshments welcome inbound flights from 12 major cities from around the country each day.

Easy hop to SoCal faves.

Take a Long Beach Yellow Cab —
the eco-local, convenient ride.

Let it snow...somewhere else.

345 days of sun — that's why we call it "The Endless Summer Collection."

They say there is nothing new under the sun. We suggest that "they" spend a little time in Long Beach. Over the past decade, the city has invested over \$1 billion into its downtown waterfront, transforming it into one of the most dynamic seaside destinations in the country.

Rent a bike and make like one of the locals while taking in the sights. Shop and dine in beach-chic Belmont Shore, or get ferried around in your own gondola in Naples. If nothing else, you can always hit the hot, sandy beach we're named for—that never gets old.

"This is a city focused on true, genuine hospitality....the way it used to be. It's not that way anymore in a lot of places. They still get it here."

Susan Perry, President, The Perry Group, Inc.

The heart of the Endless Summer Collection beats in dynamic Downtown Long Beach. As the only walkable downtown in SoCal, it's a setting that brings attendees close to the action — and keeps them there. In fact, there are over 120 restaurants within just an eight-block radius, meaning no matter where you turn there are tastes to savor, sights to see and plenty of fun under bright sunny skies and beaming LED lights. From nightclubs and artisanal bars to local craft brews and art galleries, it's easy to lose yourself only to find an unforgettable experience.

it's not just the weather
that entices you.

"I would recommend Long Beach ahead of probably any other city that I go to. I can't compare it. Long Beach is one of the best cities in the country to hold an event."

Susan Howard, Director of Event Operations, Professional Beauty Association

Collections, and more collections: Get inspired by art and a spectacular city view at the Long Beach Museum of Art.

If high culture is more your thing, you can delve into Long Beach's thriving art scene. The Long Beach Museum of Art combines contemporary collections and classic architecture with a sweeping oceanfront view. Meanwhile, the Museum of Latin American Art offers a groundbreaking glimpse into the modern Latin American art world. Or you can just take in the many public exhibitions that enrich our surroundings, including the gigantic outdoor murals of the Pow! Wow! international art collective.

Run with the fin crowd.

We like it balmy, about 74° give or take.

The LBC has a reputation for keeping it real, but we like to keep it really diverse, too. On a given day, you could get up close and personal with the penguins at the Aquarium of the Pacific, stroll the decks of The Queen Mary while the sun sets over the city skyline or explore the historic Rancho Gardens, created by nationally renowned landscape architects of the early 20th century. The Waterfront Collection brings these and other entertaining outings within easy reach.
